

Small group discussions

In noise pollution, what are the key issues, current challenges & future opportunities?

Small group discussions: In person + Online

- Discussions (20 min)
 - 11 in-person tables + 4 online groups
 - Each table/group has a noise-related theme (Transport, Built Environment, Wildlife, ...)
- Discussion Question:

“For your noise-related theme, what are the key **issues**, current **challenges** & future **opportunities**?”

Everyone has a chance to speak

Chair of table/group to help keep the discussion to time

Use post-it notes and flip charts to capture your ideas!
- Feedback from all in-person groups + online groups (25 min)

Question “For your noise-related theme, what are the key issues, current challenges & future opportunities?”

Four sub-questions:

1. What are the current **issues**?
2. What are the **blockers and challenges**?
3. What **opportunities** are there to overcome these?
4. What **actions** are needed, and **by whom**?

Orange post-its
